- **49** Account Management Resources

This report must be preceded or accompanied by a prospectus. To obtain a summary prospectus, if available, or prospectus for any of our funds, refer to the Account Management Resources information provided in the back of this booklet. We advise you to consider the Fund's objectives, risks, charges and expenses carefully before investing. The summary prospectus and prospectus contain this and other important information about the Fund. Please read the prospectus carefully before you invest.

Mortgage-backed securities represent interests in "pools" of mortgages and often involve risks that are different from or possibly more acute than risks associated with other types of debt instruments. When market interest rates increase, the market values of mortgage-backed securities decline and volatility of the Fund may increase. When market interest rates decline, the value of mortgage-backed securities may increase, but could expose the Fund to a lower rate of return on investment. Bond investments are subject to interest-rate, credit, liquidity and market risks to varying degrees. When interest rates rise, bond prices generally fall. Credit risk refers to the ability of an issuer to make timely payments of principal and interest. Investing in derivatives entails special risks relating to liquidity, leverage and credit that may reduce returns and/or increase volatility. The Fund may lend securities to approved institutions. Please read the prospectus for details.

War, terrorism, sanctions, economic uncertainty, trade disputes, public health crises, natural disasters, climate change and related geopolitical events have led, and, in the future, may lead to significant disruptions in U.S. and world economies and markets, which may lead to increased market volatility and may have significant adverse effects on the Fund and its investments.

The brand DWS represents DWS Group GmbH & Co. KGaA and any of its subsidiaries such as DWS Distributors, Inc. which offers investment products or DWS Investment Management Americas, Inc. and RREEF America L.L.C. which offer advisory services.

Letter to Shareholders

Dear Shareholder:

This past year can be described as one where there were major structural disruptions and challenges impacting financial markets: record high inflation; end of ultra-loose monetary policy; impact of slower growth in China; ongoing political attacks on global trade; demographic change profoundly affecting more and more countries; and finally, the Ukraine conflict, the future course of which continues to be highly unpredictable.

It is therefore apparent that there will be no lack of challenges for investors in 2023. With looming recession concerns in the U.S. and Europe, we believe the prospects for equity returns will be challenging in 2023. Further, aggressive tightening by the Federal Reserve and international monetary authorities has increased pressure on banks and their ability to lend, and also negatively impacted the performance of fixed income securities. Inflation continues to remain above monetary authority targets, however there is early evidence that rate hikes by the Federal Reserve are beginning to take effect and cool the pace of rising prices.

Consequently, we believe that it is important for investors to diversify their investments given the level of volatility in markets. Balanced portfolios can help mitigate the negative impact of unexpected economic, geopolitical, and market events. While investment objectives are unique to each investor, we do believe there may be benefits to owning corporate and government bonds given their potential for yield as well as holding equities for their ability to counter the negative effects of persistent inflation.

In our view, these factors of market volatility, unpredictable economic events, and complex geo-political forces strongly underscore the value add of active portfolio management. The partnership between our portfolio managers and our CIO Office — which synthesizes the views of more than 900 DWS economists, analysts and investment professionals around the world — makes an important difference in making strategic and tactical decisions for the DWS Funds. Thank you for your trust. For ongoing updates to our market and economic outlook, please visit the "Insights" section of dws.com.

Best regards,

Hepsen Uzcan President, DWS Funds

| Bloomberg GNMA Index† | 4.75% | -4.48% | 0.26% | 0.87% |

Performance in the Average Annual Total Returns table above and the Growth of an Assumed \$10,000 Investment line graph that follows is historical and does not guarantee future results. Investment return and principal fluctuate, so your shares may be worth more or less when redeemed. Current performance may differ from

performance data shown. Please visit dws.com for the Fund's most recent month-end performance. Fund performance includes reinvestment of all distributions. Unadjusted returns do not reflect sales charges and would have been lower if they had.

The gross expense ratios of the Fund, as stated in the fee table of the prospectus dated February 1, 2023 are 0.81%, 1.55%, 1.21%, 0.48%, 0.58% and 0.55% for Class A, Class C, Class R, Class S and Institutional Class shares, respectively, and may differ from the expense ratios disclosed in the Financial Highlights tables in this report.

Index returns do not reflect any fees or expenses and it is not possible to invest directly into an index.

Performance figures do not reflect the deduction of taxes that a shareholder would pay on fund distributions or the redemption of fund shares.

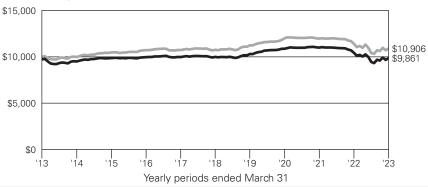

Generally accepted accounting principles require adjustments to be made to the net assets of the Fund at period end for financial reporting purposes only, and as such, the total return based on the unadjusted net asset value per share may differ from the total return reported in the financial highlights.

Growth of an Assumed \$10,000 Investment

(Adjusted for Maximum Sales Charge)

■ DWS GNMA Fund — Class A

■ Bloomberg GNMA Index[†]

The Fund's growth of an assumed \$10,000 investment is adjusted for the maximum sales charge of 2.75%. This results in a net initial investment of \$9,725.

The growth of \$10,000 is cumulative.

Performance of other share classes will vary based on the sales charges and the fee structure of those classes.

- * Class R6 shares commenced operations on February 2, 2015.
- † The Bloomberg GNMA Index is an unmanaged market value-weighted measure of all fixed-rate securities backed by mortgage pools of the Government National Mortgage Association.

[‡] Total returns shown for periods less than one year are not annualized.

| | Class A | Class C | Class R | Class R6 | Class S | Institutional Class |
|-------------------------------------------|----------|----------|----------|----------|----------|------------------------|
| Net Asset Value | | | | | | |
| 3/31/23 | \$ 11.97 | \$ 11.98 | \$ 11.99 | \$ 11.98 | \$ 11.99 | \$ 11.97 |
| 9/30/22 | \$ 11.65 | \$ 11.66 | \$ 11.67 | \$ 11.66 | \$ 11.67 | \$ 11.66 |
| Distribution Information as of 3/3 | 31/23 | | | | | |
| Income Dividends, Six Months | \$.18 | \$.14 | \$.16 | \$.20 | \$.20 | \$.20 |
| March Income Dividend | \$.0357 | \$.0280 | \$.0324 | \$.0391 | \$.0381 | \$.0384 |
| SEC 30-day Yield [‡] | 2.88% | 2.20% | 2.66% | 3.30% | 3.19% | 3.22% |
| Current Annualized Distribution Rate‡ | 3.58% | 2.80% | 3.24% | 3.92% | 3.81% | 3.85% |

The SEC yield is net investment income per share earned over the month ended March 31, 2023, shown as an annualized percentage of the maximum offering price per share on the last day of the period. The SEC yield is computed in accordance with a standardized method prescribed by the Securities and Exchange Commission. The SEC yields would have been 2.55% for Class R, had certain expenses not been reduced. The current annualized distribution rate is the latest monthly dividend shown as an annualized percentage of net asset value on March 31, 2023. Distribution rate simply measures the level of dividends and is not a complete measure of performance. The current annualized distribution rate would have been 3.13% for Class R, had certain expenses not been reduced. Yields and distribution rates are historical, not guaranteed and will fluctuate.

Portfolio Management Team

Gregory M. Staples, CFA, Regional Head of Fixed Income

Portfolio Manager of the Fund. Began managing the Fund in 2016.

- Joined DWS in 2005 with 23 years of industry experience. Prior to joining, he served as a Senior Managing Director at MONY.
- Head of Fixed Income for North America: New York.
- BA in Economics, Columbia College; MBA, New York University, Stern School of Business.

Thomas J. Sweeney, CFA, Head of Investment Strategy Fixed Income Portfolio Manager of the Fund. Began managing the Fund in 2023.

- Joined DWS in 2005 with 4 years of industry experience. Prior to his current role, he served as a structured trader. Previously, he worked in the Technology division. Before joining, he developed portfolio analytics systems at Merrill Lynch as a part of their Private Investors Technology Group.
- Portfolio Manager/Structured Finance Sector Head: New York
- BS in Computer Science, Rutgers College.

Hyun Lee, CFA, Lead Portfolio Manager Real Estate

Cash Equivalents 25.4%

DWS Central Cash Management Government Fund, 4.78% (e) 213,513,796 247,159,085 233,565,946 — 4,622,530 — 227,106,935 227,106,935

- (a) When-issued, delayed delivery or forward commitment securities included.
- (b) Variable or floating rate security. These securities are shown at their current rate as of March 31, 2023. For securities based on a published reference rate and spread, the reference rate and spread are indicated within the description above. Certain variable rate securities are not based on a published reference rate and spread but adjust periodically based on current market conditions, prepayment of underlying positions and/or other variables. Securities with a floor or ceiling feature are disclosed at the inherent rate, where applicable.
- (c) Annualized yield at time of purchase; not a coupon rate.
- (d) At March 31, 2023, this security has been pledged, in whole or in part, to cover initial margin requirements for open futures contracts.
- (e) Affiliated fund managed by DWS Investment Management Americas, Inc. The rate shown is the annualized seven-day yield at period end.

144A: Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be resold in transactions exempt from registration, normally to qualified institutional buyers.

Interest Only: Interest Only (IO) bonds represent the "interest only" portion of payments on a pool of underlying mortgages or mortgage-backed securities. IO securities are subject to prepayment risk of the pool of underlying mortgages.

SOFR: Secured Overnight Financing Rate

LIBOR: London Interbank Offered Rate, the benchmark rate for certain floating rate securities, has been phased out as of the end of 2021 for most maturities and currencies, although certain widely used US Dollar LIBOR rates are expected to continue to be published through June 2023 to assist with the transition. The transition process from LIBOR towards its expected replacement reference rate with the Secured Overnight Financing Rate (SOFR) for US Dollar LIBOR rates has become increasingly well defined, especially following the signing of the federal Adjustable Interest Rate (LIBOR) Act in March 2022, and the adoption of implementing regulations in December 2022, which will replace LIBOR-based benchmark rates in instruments with no, or insufficient, alternative rate-setting provisions with a SOFR-based rate following the cessation of LIBOR. However, the Fund or the instruments in which the Fund invests may be adversely affected by the phase out by, among other things, increased volatility or illiquidity.

Included in the portfolio are investments in mortgage or asset-backed securities which are interests in separate pools of mortgages or assets. Effective maturities of these investments may be shorter than stated maturities due to prepayments. Some separate investments in

the Government National Mortgage Association issues which have similar coupon rates have been aggregated for presentation purposes in this investment portfolio.

At March 31, 2023, open futures contracts purchased were as follows:

| | | Expiration | | Notional | Notional | Unrealized |
|----------------|----------|------------|-----------|-------------|------------|-------------------|
| Futures | Currency | Date | Contracts | Amount (\$) | Value (\$) | Appreciation (\$) |
| 5 Year U.S. | | | | | | |
| Treasury Notes | USD | 6/30/2023 | 170 | 18,212,941 | 18,616,328 | 403,387 |

At March 31, 2023, open futures contracts sold were as follows:

| Futures | Currency | Expiration Date | | Notional Amount (\$) | Notional Value (\$) | Unrealized Depreciation (\$) |
|----------------------------------|------------|-----------------|-----|-------------------------|---------------------|------------------------------|
| 3 Year U.S. Treasury Note | USD | 6/30/2023 | 85 | 17,840,236 | 18,010,703 | (170,467) |
| U.S. Treasury Long Bond | USD | 6/21/2023 | 40 | 5,024,895 | 5,246,250 | (221,355) |

For information on the Fund's policy and additional disclosures regarding futures contracts, please refer to the Derivatives section of Note B in the accompanying Notes to Financial Statements.

Fair Value Measurements

Financial Statements.

Various inputs are used in determining the value of the Fund's investments. These inputs are summarized in three broad levels. Level 1 includes quoted prices in active markets for identical securities. Level 2 includes other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds and credit risk). Level 3 includes significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments). The level assigned to the securities valuations may not be an indication of the risk or liquidity associated with investing in those securities. The following is a summary of the inputs used as of March 31, 2023 in valuing the Fund's investments. For information on the Fund's policy regarding the valuation of investments,

please refer to the Security Valuation section of Note A in the accompanying Notes to

Notes to Financial Statements

(Unaudited)

A. Organization and Significant Accounting Policies

DWS GNMA Fund (the "Fund") is a diversified series of Deutsche DWS Income Trust (the "Trust"), which is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an open-end management investment company organized as a Massachusetts business trust.

The Fund offers multiple classes of shares which provide investors with different purchase options. Class A shares are subject to an initial sales charge. Class C shares are not subject to an initial sales charge but are subject to higher ongoing expenses than Class A shares and a contingent deferred sales charge payable upon certain redemptions within one year of purchase. Class C shares automatically convert to Class A shares in the same fund after 8 years, provided that the Fund or the financial intermediary through which the shareholder purchased the Class C shares has records verifying that the Class C shares have been held for at least 8 years. Class R shares are not subject to initial or contingent deferred sales charges and are generally available only to certain retirement plans. Class R6 shares are not subject to initial or contingent deferred sales charges and are generally available only to certain qualifying plans and programs. Class S shares are not subject to initial or contingent deferred sales charges and are available through certain intermediary relationships with financial services firms, or can be purchased by establishing an account directly with the Fund's transfer agent. Institutional Class shares are not subject to initial or contingent deferred sales charges and are generally available only to qualified institutions.

Investment income, realized and unrealized gains and losses, and certain fund-level expenses and expense reductions, if any, are borne pro rata on the basis of relative net assets by the holders of all classes of shares, except that each class bears certain expenses unique to that class such as distribution and service fees, services to shareholders and certain other class-specific expenses. Differences in class-level expenses may result in payment of different per share dividends by class. All shares of the Fund have equal rights with respect to voting subject to class-specific arrangements.

The Fund's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") which require the use of management estimates. Actual results could differ from those estimates. The Fund qualifies as an investment company under Topic 946 of Accounting Standards Codification of U.S. GAAP. The policies described below are followed consistently by the Fund in the preparation of its financial statements.

Security Valuation. Investments are stated at value determined as of the close of regular trading on the New York Stock Exchange on each day the exchange is open for trading.

The Fund's Board has designated DWS Investment Management Americas, Inc. (the "Advisor") as the valuation designee for the Fund pursuant to Rule 2a-5 under the 1940 Act. The Advisor's Pricing Committee (the "Pricing Committee") typically values securities using readily available market quotations or prices supplied by independent pricing services (which are considered fair values under Rule 2a-5). The Advisor has adopted fair valuation procedures that provide methodologies for fair valuing securities.

Various inputs are used in determining the value of the Fund's investments. These inputs are summarized in three broad levels. Level 1 includes quoted prices in active markets for identical securities. Level 2 includes other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds and credit risk). Level 3 includes significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments). The level assigned to the securities valuations may not be an indication of the risk or liquidity associated with investing in those securities.

Debt securities are valued at prices supplied by independent pricing services approved by the Pricing Committee. Such services may use various pricing techniques which take into account appropriate factors such as yield, quality, coupon rate, maturity, type of issue, trading characteristics, prepayment speeds and other data, as well as broker quotes. If the pricing services are unable to provide valuations, debt securities are valued at the average of the most recent reliable bid quotations or evaluated prices, as applicable, obtained from broker-dealers. These securities are generally categorized as Level 2.

Investments in open-end investment companies are valued at their net asset value each business day and are categorized as Level 1.

Futures contracts are generally valued at the settlement prices established each day on the exchange on which they are traded and are categorized as Level 1.

Securities and other assets for which market quotations are not readily available or for which the above valuation procedures are deemed not to reflect fair value are valued in a manner that is intended to reflect their fair value as determined in accordance with procedures approved by the Pricing Committee and are generally categorized as Level 3. In accordance with the Fund's valuation procedures, factors considered in determining value may include, but are not limited to, the type of the security; the size of the holding; the initial cost of the security; the existence of any contractual restrictions on the security's disposition; the price and extent of public trading in similar securities of the issuer or of comparable

companies; quotations or evaluated prices from broker-dealers and/or pricing services; information obtained from the issuer, analysts, and/or the appropriate stock exchange (for exchange-traded securities); an analysis of the company's or issuer's financial statements; an evaluation of the forces that influence the issuer and the market(s) in which the security is purchased and sold; and with respect to debt securities, the maturity, coupon, creditworthiness, currency denomination and the movement of the market in which the security is normally traded. The value determined under these procedures may differ from published values for the same securities.

Disclosure about the classification of fair value measurements is included in a table following the Fund's Investment Portfolio.

Securities Lending. Brown Brothers Harriman & Co. as lending agent, lends securities of the Fund to certain financial institutions under the terms of its securities lending agreement. During the term of the loans. the Fund continues to receive interest and dividends generated by the securities and to participate in any changes in their market value. The Fund requires the borrowers of the securities to maintain collateral with the Fund consisting of either cash and/or U.S. Treasury Securities having a value at least equal to the value of the securities loaned. When the collateral falls below specified amounts, the lending agent will use its best efforts to obtain additional collateral on the next business day to meet required amounts under the securities lending agreement. The Fund may invest the cash collateral into a joint trading account in DWS Government & Agency Securities Portfolio, an affiliated money market fund managed by DWS Investment Management Americas, Inc. DWS Investment Management Americas, Inc. receives a management/administration fee (0.07% annualized effective rate as of March 31, 2023) on the cash collateral invested in DWS Government & Agency Securities Portfolio. The Fund receives compensation for lending its securities either in the form of fees or by earning interest on invested cash collateral net of borrower rebates and fees paid to a lending agent. Either the Fund or the borrower may terminate the loan at any time, and the borrower, after notice, is required to return borrowed securities within a standard time period. There may be risks of delay and costs in recovery of securities or even loss of rights in the collateral should the borrower of the securities fail financially. If the Fund is not able to recover securities lent, the Fund may sell the collateral and purchase a replacement investment in the market, incurring the risk that the value of the replacement security is greater than the value of the collateral. The Fund is also subject to all investment risks associated with the reinvestment of any cash collateral received, including, but not limited to, interest rate, credit and liquidity risk associated with such investments.

During the six months ended March 31, 2023, the Fund had no securities on loan.

Forward Commitments. The Fund may purchase or sell securities on a when-issued, delayed delivery or forward commitment basis with delivery or payment to occur at a later date beyond the normal settlement period. At the time the Fund enters into a commitment to purchase or sell a security, the transaction is recorded and the value of the transaction is reflected in the net asset value. The price of such security and the date when the security will be delivered and paid for are fixed at the time the transaction is negotiated. The Fund may sell the forward commitment security before the settlement date or enter into a new commitment to extend the delivery date into the future. The value of the security may vary with market fluctuations. Additionally, the Fund or the counterparty may be required to post securities and/or cash collateral in accordance with the terms of the commitment.

Certain risks may arise upon entering into when-issued, delayed delivery or forward commitment transactions from the potential inability of counterparties to meet the terms of their contracts or if the issuer does not issue the securities due to political, economic or other factors. Such transactions may also have the effect of leverage on the Fund and may cause the Fund to be more volatile. Additionally, losses may arise due to changes in the value of the underlying securities.

Federal Income Taxes. The Fund's policy is to comply with the requirements of the Internal Revenue Code, as amended, which are applicable to regulated investment companies, and to distribute all of its taxable income to its shareholders.

At September 30, 2022, the Fund had net tax basis capital loss carryforwards of approximately \$331,723,000, including short-term losses (\$184,509,000) and long-term losses (\$147,214,000), which may be applied against realized net taxable capital gains indefinitely. Capital Loss Carryforward from this Fund may be subject to certain limitations under Section 382-384 of the Internal Revenue Code.

At March 31, 2023, the aggregate cost of investments for federal income tax purposes was \$1,387,593,648. The net unrealized depreciation for all investments based on tax cost was \$55,736,035. This consisted of aggregate gross unrealized appreciation for all investments for which there was an excess of value over tax cost of \$5,491,673 and aggregate gross unrealized depreciation for all investments for which there was an excess of tax cost over value of \$61,227,708.

The Fund has reviewed the tax positions for the open tax years as of September 30, 2022 and has determined that no provision for income tax and/or uncertain tax positions is required in the Fund's financial statements. The Fund's federal tax returns for the prior three fiscal years remain open subject to examination by the Internal Revenue Service.

Distribution of Income and Gains. Distributions from net investment income of the Fund are declared and distributed to shareholders monthly. Net realized gains from investment transactions, in excess of available capital loss carryforwards, would be taxable to the Fund if not distributed, and, therefore, will be distributed to shareholders at least annually. The Fund may also make additional distributions for tax purposes if necessary.

The timing and characterization of certain income and capital gain distributions are determined annually in accordance with federal tax regulations which may differ from accounting principles generally accepted in the United States of America. These differences primarily relate to investments in futures, investments in swap contracts, paydown losses on mortgage backed securities, premium amortization on debt securities and certain securities sold at a loss. As a result, net investment income (loss) and net realized gain (loss) on investment transactions for a reporting period may differ significantly from distributions during such period. Accordingly, the Fund may periodically make reclassifications among certain of its capital accounts without impacting the net asset value of the Fund.

The tax character of current year distributions will be determined at the end of the current fiscal year.

Expenses. Expenses of the Trust arising in connection with a specific fund are allocated to that fund. Other Trust expenses which cannot be directly attributed to a fund are apportioned among the funds in the Trust based upon the relative net assets or other appropriate measures.

Contingencies. In the normal course of business, the Fund may enter into contracts with service providers that contain general indemnification clauses. The Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund that have not yet been made. However, based on experience, the Fund expects the risk of loss to be remote.

Other. Investment transactions are accounted for on a trade date plus one basis for daily net asset value calculations. However, for financial reporting purposes, investment transactions are reported on trade date. Interest income is recorded on the accrual basis. Realized gains and losses from investment transactions are recorded on an identified cost basis. All premiums and discounts are amortized/accreted for financial reporting purposes.

B. Derivative Instruments

Swaps. A swap is a contract between two parties to exchange future cash flows at periodic intervals based on the notional amount of the swap. A bilateral swap is a transaction between the Fund and a counterparty where cash flows are exchanged between the two parties. A centrally cleared swap is a transaction executed between the Fund and a

counterparty, then cleared by a clearing member through a central clearinghouse. The central clearinghouse serves as the counterparty, with whom the Fund exchanges cash flows.

The value of a swap is adjusted daily, and the change in value, if any, is recorded as unrealized appreciation or depreciation in the Statement of Assets and Liabilities. Gains or losses are realized when the swap expires or is closed. Certain risks may arise when entering into swap transactions including counterparty default; liquidity; or unfavorable changes in interest rates or the value of the underlying reference security, commodity or index. In connection with bilateral swaps, securities and/or cash may be identified as collateral in accordance with the terms of the swap agreement to provide assets of value and recourse in the event of default. The maximum counterparty credit risk is the net present value of the cash flows to be received from or paid to the counterparty over the term of the swap, to the extent that this amount is beneficial to the Fund, in addition to any related collateral posted to the counterparty by the Fund. This risk may be partially reduced by a master netting arrangement between the Fund and the counterparty. Upon entering into a centrally cleared swap, the Fund is required to deposit with a financial intermediary cash or securities ("initial margin") in an amount equal to a certain percentage of the notional amount of the swap. Subsequent payments ("variation margin") are made or received by the Fund dependent upon the daily fluctuations in the value of the swap. In a centrally cleared swap transaction, counterparty risk is minimized as the central clearinghouse acts as the counterparty.

An upfront payment, if any, made by the Fund is recorded as an asset in the Statement of Assets and Liabilities. An upfront payment, if any, received by the Fund is recorded as a liability in the Statement of Assets and Liabilities. Payments received or made at the end of the measurement period are recorded as realized gain or loss in the Statement of Operations.

Interest rate swaps are agreements in which the Fund agrees to pay to the counterparty a fixed rate payment in exchange for the counterparty agreeing to pay to the Fund a variable rate payment, or the Fund agrees to receive from the counterparty a fixed rate payment in exchange for the counterparty agreeing to receive from the Fund a variable rate payment. The payment obligations are based on the notional amount of the swap. For the six months ended March 31, 2023, the Fund entered into interest rate swap agreements to gain exposure to different parts of the yield curve while managing overall duration.

There were no open interest rate swap contracts as of March 31, 2023. For the six months ended March 31, 2023, the investment in interest rate swap contracts had a total notional amount generally indicative of a range from \$0 to \$143,000,000.

Futures Contracts. A futures contract is an agreement between a buyer or seller and an established futures exchange or its clearinghouse in which the buyer or seller agrees to take or make a delivery of a specific amount of a financial instrument at a specified price on a specific date (settlement date). For the six months ended March 31, 2023, the Fund entered into interest rate futures to gain exposure to different parts of the yield curve while managing overall duration.

Upon entering into a futures contract, the Fund is required to deposit with a financial intermediary cash or securities ("initial margin") in an amount equal to a certain percentage of the face value indicated in the futures contract. Subsequent payments ("variation margin") are made or received by the Fund dependent upon the daily fluctuations in the value and are recorded for financial reporting purposes as unrealized gains or losses by the Fund. Gains or losses are realized when the contract expires or is closed. Since all futures contracts are exchange-traded, counterparty risk is minimized as the exchange's clearinghouse acts as the counterparty, and guarantees the futures against default.

Certain risks may arise upon entering into futures contracts, including the risk that an illiquid market will limit the Fund's ability to close out a futures contract prior to the settlement date and the risk that the futures contract is not well correlated with the security, index or currency to which it relates. Risk of loss may exceed amounts recognized in the Statement of Assets and Liabilities.

A summary of the open futures contracts as of March 31, 2023, is included in a table following the Fund's Investment Portfolio. For the six months ended March 31, 2023, the investment in futures contracts purchased had a total notional value generally indicative of a range from \$0 to approximately \$33,191,000, and the investment in futures contracts sold had a total notional value generally indicative of a range from approximately \$50,776,000 to \$137,885,000.

The following tables summarize the value of the Fund's derivative instruments held as of March 31, 2023 and the related location in the accompanying Statement of Assets and Liabilities, presented by primary underlying risk exposure:

| Assets Derivative | Futures Contracts |
|-----------------------------|----------------------|
| Interest Rate Contracts (a) | \$ 403,387 |

The above derivative is located in the following Statement of Assets and Liabilities account:

(a) Includes cumulative appreciation of futures contracts as disclosed in the Investment Portfolio. Unsettled variation margin is disclosed separately within the Statement of Assets and Liabilities.

| Liability Derivative | Futures Contracts |
|-----------------------------|----------------------|
| Interest Rate Contracts (a) | \$ (1,338,854) |

The above derivative is located in the following Statement of Assets and Liabilities account:

(a) Includes cumulative depreciation of futures contracts as disclosed in the Investment Portfolio. Unsettled variation margin is disclosed separately within the Statement of Assets and Liabilities.

Additionally, the amount of unrealized and realized gains and losses on derivative instruments recognized in Fund earnings during the six months ended March 31, 2023 and the related location in the accompanying Statement of Operations is summarized in the following tables by primary underlying risk exposure:

| Realized Gain (Loss) | Swap Contracts | Futures Contracts | Total |
|-----------------------------|-------------------|----------------------|--------------|
| Interest Rate Contracts (a) | \$ 3,731,369 | \$ 566,810 | \$ 4,298,179 |

Each of the above derivatives is located in the following Statement of Operations accounts:
(a) Net realized gain (loss) from swap and futures contracts, respectively

| Change in Net Unrealized Appreciation (Depreciation) | Swap Contracts | Futures Contracts | Total |
|------------------------------------------------------|-------------------|----------------------|----------------|
| Interest Rate Contracts (a) | \$ (3,454,032) | \$ (1,505,245) | \$ (4,959,277) |

Each of the above derivatives is located in the following Statement of Operations accounts:

(a) Change in net unrealized appreciation (depreciation) on swap and futures contracts, respectively

C. Purchases and Sales of Securities

During the six months ended March 31, 2023, purchases and sales of investment securities (excluding short-term investments) aggregated \$2,892,399,775 and \$2,925,496,839, respectively.

D. Related Parties

Management Agreement. Under the Investment Management Agreement with DWS Investment Management Americas, Inc. ("DIMA" or the "Advisor"), an indirect, wholly owned subsidiary of DWS Group GmbH & Co. KGaA ("DWS Group"), the Advisor directs the investments of the Fund in accordance with its investment objectives, policies and restrictions. The Advisor determines the securities, instruments and other contracts relating to investments to be purchased, sold or entered into by the Fund.

Under the Investment Management Agreement with the Advisor, the Fund pays a monthly management fee based on the average daily net

assets of the Fund, computed and accrued daily and payable monthly, at the following annual rates:

| First \$1.0 billion of the Fund's average daily net assets | .315% |
|------------------------------------------------------------|-------|
| Next \$1.5 billion of such net assets | .310% |
| Next \$2.5 billion of such net assets | .300% |
| Next \$2.5 billion of such net assets | .280% |
| Next \$2.5 billion of such net assets | .260% |
| Next \$2.5 billion of such net assets | .240% |
| Over \$12.5 billion of such net assets | .220% |
| | |

Accordingly, for the six months ended March 31, 2023, the fee pursuant to the Investment Management Agreement was equivalent to an annualized rate (exclusive of any applicable waivers/reimbursements) of 0.315% of the Fund's average daily net assets.

For the period from October 1, 2022 through September 30, 2023 (through January 31, 2024 for Class R, R6 and Institutional Class shares), the Advisor has contractually agreed to waive its fees and/or reimburse certain operating expenses of the Fund to the extent necessary to maintain the total annual operating expenses (excluding certain expenses such as extraordinary expenses, taxes, brokerage and interest expense) of each class as follows:

| Class A | .87% |
|---------------------|-------|
| Class C | 1.62% |
| Class R | 1.12% |
| Class R6 | .56% |
| Class S | .62% |
| Institutional Class | .56% |

For the six months ended March 31, 2023, fees waived and/or expenses reimbursed for certain classes are as follows:

| | \$ 1,828 |
|---------------------|----------|
| Institutional Class | 1,616 |
| Class R | \$ 212 |

Administration Fee. Pursuant to an Administrative Services Agreement. DIMA provides most administrative services to the Fund. For all services provided under the Administrative Services Agreement, the Fund pays the Advisor an annual fee ("Administration Fee") of 0.097% of the Fund's average daily net assets, computed and accrued daily and payable

monthly. For the six months ended March 31, 2023, the Administration Fee was \$440,538, of which \$73,317 is unpaid.

Service Provider Fees. DWS Service Company ("DSC"), an affiliate of the Advisor, is the transfer agent, dividend-paying agent and shareholder service agent for the Fund. Pursuant to a sub-transfer agency agreement between DSC and SS&C GIDS, Inc. ("SS&C") (name changed from DST Systems, Inc. effective January 1, 2023), DSC has delegated certain transfer agent, dividend-paying agent and shareholder service agent functions to SS&C. DSC compensates SS&C out of the shareholder servicing fee it receives from the Fund. For the six months ended March 31, 2023, the amounts charged to the Fund by DSC were as follows:

| Services to Shareholders | Total Aggregated | Unpaid at March 31, 2023 |
|--------------------------|---------------------|-----------------------------|
| Class A | \$ 144,464 | \$ 50,173 |
| Class C | 573 | 177 |
| Class R | 28 | 7 |
| Class R6 | 40 | 13 |
| Class S | 225,297 | 78,895 |
| Institutional Class | 342 | 131 |
| | \$ 370,744 | \$ 129,396 |

In addition, for the six months ended March 31, 2023, the amounts charged to the Fund for recordkeeping and other administrative services provided by unaffiliated third parties, included in the Statement of Operations under "Services to shareholders," were as follows:

| Sub-Recordkeeping | Total Aggregated |
|---------------------|---------------------|
| Class A | \$ 115,351 |
| Class C | 2,508 |
| Class R | 431 |
| Class S | 90,972 |
| Institutional Class | 9,576 |
| | \$ 218,838 |

Distribution and Service Fees. Under the Fund's Class C and R 12b-1 Plans, DWS Distributors, Inc. ("DDI"), an affiliate of the Advisor, receives a fee ("Distribution Fee") of 0.75% of the average daily net assets of Class C shares and 0.25% of the average daily net assets of Class R shares. In accordance with the Fund's Underwriting and Distribution Services Agreement, DDI enters into related selling group agreements with various firms at various rates for sales of Class C and R shares. For

the six months ended March 31, 2023, the Distribution Fee was as follows:

| Distribution Fee | Total Aggregated | Unpaid at March 31, 2023 |
|------------------|---------------------|-----------------------------|
| Class C | \$ 17,110 | \$ 2,860 |
| Class R | 432 | 73 |
| | \$ 17,542 | \$ 2,933 |

In addition, DDI provides information and administrative services for a fee ("Service Fee") to Class A, C and R shareholders at an annual rate of up to 0.25% of the average daily net assets for each such class. DDI in turn has various agreements with financial services firms that provide these services and pays these fees based upon the assets of shareholder accounts the firms service. For the six months ended March 31, 2023, the Service Fee was as follows:

| Service Fee | Total Aggregated | Unpaid at March 31, 2023 | Annualized Rate |
|-------------|---------------------|-----------------------------|--------------------|
| Class A | \$ 433,473 | \$ 130,871 | .22% |
| Class C | 5,559 | 2,062 | .24% |
| Class R | 431 | 140 | .25% |
| | \$ 439,463 | \$ 133,073 | |

Underwriting Agreement and Contingent Deferred Sales Charge. DDI is the principal underwriter for the Fund. Underwriting commissions paid in connection with the distribution of Class A shares for the six months ended March 31, 2023 aggregated \$2,579.

In addition, DDI receives any contingent deferred sales charge ("CDSC") from Class C share redemptions occurring within one year of purchase. There is no such charge upon redemption of any share appreciation or reinvested dividends. The CDSC is 1% of the value of the shares. redeemed for Class C. For the six months ended March 31, 2023, there was no CDSC for Class C Shares. A deferred sales charge of up to 0.50% is assessed on certain redemptions of Class A shares. For the six months ended March 31, 2023, DDI received \$9,408 for Class A shares.

Other Service Fees. Under an agreement with the Fund, DIMA is compensated for providing regulatory filing services to the Fund. For the six months ended March 31, 2023, the amount charged to the Fund by DIMA included in the Statement of Operations under "Reports to shareholders" aggregated \$571, of which \$192 is unpaid.

Trustees' Fees and Expenses. The Fund paid retainer fees to each Trustee not affiliated with the Advisor, plus specified amounts to the Board Chairperson and to each committee Chairperson.

Affiliated Cash Management Vehicles. The Fund may invest uninvested cash balances in DWS Central Cash Management Government Fund and DWS ESG Liquidity Fund, affiliated money market funds which are managed by the Advisor. Each affiliated money market fund is managed in accordance with Rule 2a-7 under the 1940 Act, which governs the quality, maturity, diversity and liquidity of instruments in which a money market fund may invest. DWS Central Cash Management Government Fund seeks to maintain a stable net asset value, and DWS ESG Liquidity Fund maintains a floating net asset value. The Fund indirectly bears its proportionate share of the expenses of each affiliated money market fund in which it invests. DWS Central Cash Management Government Fund does not pay the Advisor an investment management fee. To the extent that DWS ESG Liquidity Fund pays an investment management fee to the Advisor, the Advisor will waive an amount of the investment management fee payable to the Advisor by the Fund equal to the amount of the investment management fee payable on the Fund's assets invested in DWS ESG Liquidity Fund.

E. Line of Credit

The Fund and other affiliated funds (the "Participants") share in a \$375 million revolving credit facility provided by a syndication of banks. The Fund may borrow for temporary or emergency purposes, including the meeting of redemption requests that otherwise might require the untimely disposition of securities. The Participants are charged an annual commitment fee, which is allocated based on net assets, among each of the Participants. Interest is calculated at a daily fluctuating rate per annum equal to the sum of 0.10% plus the higher of the Federal Funds Effective Rate and the Overnight Bank Funding Rate, plus 1.25%. The Fund may borrow up to a maximum of 33 percent of its net assets under the agreement. The Fund had no outstanding loans at March 31, 2023.

F. Fund Share Transactions

The following table summarizes share and dollar activity in the Fund:

| | | Six Months Ended March 31, 2023 | | | Year Ended September 30, 2022 | | |
|---------------------------------------------------------|----------------------------------------------------|------------------------------------|----------------------------------------------------------------------------------------|----------------------------------------------------------------------|----------------------------------|--------------------------------------------------------------------------------------------------------|--|

For the period from October 1, 2021 to September 30, 2022 (Class T liquidation date).

Information About Your Fund's Expenses

As an investor of the Fund, you incur two types of costs: ongoing expenses and transaction costs. Ongoing expenses include management fees, distribution and service (12b-1) fees and other Fund expenses. Examples of transaction costs include sales charges (loads) and account maintenance fees, which are not shown in this section. The following tables are intended to help you understand your ongoing expenses (in dollars) of investing in the Fund and to help you compare these expenses with the ongoing expenses of investing in other mutual funds. In the most recent six-month period, the Fund limited these expenses for Class R and Institutional Class shares; had it not done so, expenses would have been higher. The example in the table is based on an investment of \$1,000 invested at the beginning of the six-month period and held for the entire period (October 1, 2022 to March 31, 2023).

The tables illustrate your Fund's expenses in two ways:

- **Actual Fund Return**. This helps you estimate the actual dollar amount of ongoing expenses (but not transaction costs) paid on a \$1,000 investment in the Fund using the Fund's actual return during the period. To estimate the expenses you paid over the period, simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1.000 = 8.6), then multiply the result by the number in the "Expenses Paid per \$1,000" line under the share class you hold.
- **Hypothetical 5% Fund Return**. This helps you to compare your Fund's ongoing expenses (but not transaction costs) with those of other mutual funds using the Fund's actual expense ratio and a hypothetical rate of return of 5% per year before expenses. Examples using a 5% hypothetical fund return may be found in the shareholder reports of other mutual funds. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period.

Please note that the expenses shown in these tables are meant to highlight your ongoing expenses only and do not reflect any transaction costs. The "Expenses Paid per \$1,000" line of the tables is useful in comparing ongoing expenses only and will not help you determine the relative total expense of owning different funds. Subject to certain exceptions, an account maintenance fee of \$20.00 assessed once per calendar year for Classes A, C and S shares may apply for accounts with balances less than \$10,000. This fee is not included in these tables. If it was, the estimate of expenses paid for Classes A, C and S shares during the period would be higher, and account value during the period would be lower, by this amount.

Expenses and Value of a \$1,000 Investment

for the six months ended March 31, 2023 (Unaudited)

| Actual Fund Return | Class | 4 | Class C | Class R | Clas | s R6 | Cla | ass S | | tutional Class |
|------------------------------------|----------|----|------------|------------|--------|-------|-------|--------|------|-------------------|
| Beginning Account Value 10/1/22 | \$1,000. | 00 | \$1,000.00 | \$1,000.00 | \$1,00 | 00.00 | \$1,0 | 00.00 | \$1, | 000.00 |
| Ending Account Value 3/31/23 | \$1,043. | 30 | \$1,039.40 | \$1,041.60 | \$1,04 | 15.00 | \$1,0 | 044.50 | \$1, | 044.70 |
| Expenses Paid per \$1,000* | \$ 4.3 | 23 | \$ 8.19 | \$ 5.70 | \$ | 2.50 | \$ | 3.11 | \$ | 2.85 |

| Hypothetical 5% Fund Return | Clas | ss A | Cla | ss C | Cla | ss R | Clas | ss R6 | Cla | ss S | | tutional lass |
|------------------------------------|--------|-------|-------|-------|-------|-------|-------|-------|-------|-------|-------|------------------|
| Beginning Account Value 10/1/22 | \$1,00 | 00.00 | \$1,0 | 00.00 | \$1,0 | 00.00 | \$1,0 | 00.00 | \$1,0 | 00.00 | \$1,0 | 000.00 |
| Ending Account Value 3/31/23 | \$1,02 | 20.79 | \$1,0 | 16.90 | \$1,0 | 19.35 | \$1,0 | 22.49 | \$1,0 | 21.89 | \$1,0 | 022.14 |
| Expenses Paid per \$1,000* | \$ | 4.18 | \$ | 8.10 | \$ | 5.64 | \$ | 2.47 | \$ | 3.07 | \$ | 2.82 |

Expenses are equal to the Fund's annualized expense ratio for each share class, multiplied by the average account value over the period, multiplied by 182 (the number of days in the most recent six-month period), then divided by 365.

| Annualized | O. 4 | 01 0 | o | 01 B0 | | Institutional |
|----------------|---------|---------|---------|----------|---------|---------------|
| Expense Ratios | Class A | Class C | Class R | Class R6 | Class S | Class |
| DWS GNMA Fund | .83% | 1.61% | 1.12% | .49% | .61% | .56% |

Liquidity Risk Management

In accordance with Rule 22e-4 (the "Liquidity Rule") under the Investment Company Act of 1940 (the "1940 Act"), your Fund has adopted a liquidity risk management program (the "Program"), and the Board has designated DWS Investment Management Americas, Inc. ("DIMA") as Program administrator. The Program is designed to assess and manage your Fund's liquidity risk (the risk that the Fund would be unable to meet requests to redeem shares of the Fund without significant dilution of remaining investors' interests in the Fund). DIMA has designated a committee (the "Committee") composed of personnel from multiple departments within DIMA and its affiliates that is responsible for the implementation and ongoing administration of the Program, which includes assessing the Fund's liquidity risk under both normal and reasonably foreseeable stressed conditions. Under the Program, every investment held by the Fund is classified on a daily basis into one of four liquidity categories based on estimations of the investment's ability to be sold during designated timeframes in current market conditions without significantly changing the investment's market value.

In February 2023, as required by the Program and the Liquidity Rule, DIMA provided the Board with an annual written report (the "Report") addressing the operation of the Program and assessing the adequacy and effectiveness of its implementation during the period from December 1, 2021 through November 30, 2022 (the "Reporting Period"). During the Reporting Period, your Fund's investments were significantly in securities that, because of their settlement convention, are classified as less liquid investments (investments that the Fund anticipates can be sold or disposed of in 7 calendar days or less in current market conditions without the sale or disposition significantly changing the market value of the investment, but where the sale or disposition is reasonably expected to settle in more than seven calendar days), with remaining investments almost entirely highly liquid investments (investments that the Fund anticipates can be converted to cash within three business days or less in current market conditions without significantly changing their market value). As a result, your Fund is not required to adopt, and has not adopted, a "Highly Liquid Investment Minimum" as defined in the Liquidity Rule. During the Reporting Period, the Fund did not approach the 15% limit imposed by the Liquidity Rule on holdings in illiquid investments (investments that cannot be sold or disposed of in seven days or less in current market conditions without the sale of the investment significantly changing the market value of the investment). Your Fund did not experience any issues meeting investor redemptions at any time during the Reporting Period. In the Report, DIMA stated that it believes the Program has operated adequately and effectively to manage the Fund's

liquidity risk during the Reporting Period. DIMA also reported that there were no material changes made to the Program during the Reporting Period.

Advisory Agreement Board Considerations and Fee Evaluation

The Board of Trustees (hereinafter referred to as the "Board" or "Trustees") approved the renewal of DWS GNMA Fund's (the "Fund") investment management agreement (the "Agreement") with DWS Investment Management Americas, Inc. ("DIMA") in September 2022.

In terms of the process that the Board followed prior to approving the Agreement, shareholders should know that:

- During the entire process, all of the Fund's Trustees were independent of DIMA and its affiliates (the "Independent Trustees").
- The Board met frequently during the past year to discuss fund matters and dedicated a substantial amount of time to contract review matters. Over the course of several months, the Board reviewed extensive materials received from DIMA, independent third parties and independent counsel. These materials included an analysis of the Fund's performance, fees and expenses, and profitability from a fee consultant retained by the Fund's Independent Trustees (the "Fee Consultant").
- The Board also received extensive information throughout the year regarding performance of the Fund.
- The Independent Trustees regularly met privately with counsel to discuss contract review and other matters. In addition, the Independent Trustees were advised by the Fee Consultant in the course of their review of the Fund's contractual arrangements and considered a comprehensive report prepared by the Fee Consultant in connection with their deliberations.
- In connection with reviewing the Agreement, the Board also reviewed the terms of the Fund's Rule 12b-1 plan, distribution agreement. administrative services agreement, transfer agency agreement and other material service agreements.

In connection with the contract review process, the Board considered the factors discussed below, among others. The Board also considered that DIMA and its predecessors have managed the Fund since its inception, and the Board believes that a long-term relationship with a capable, conscientious advisor is in the best interests of the Fund. The Board considered, generally, that shareholders chose to invest or remain invested in the Fund knowing that DIMA managed the Fund. DIMA is part of DWS Group GmbH & Co. KGaA ("DWS Group"). DWS Group is a global asset management business that offers a wide range of investing expertise and resources, including research capabilities in many countries throughout the world. In 2018, approximately 20% of DWS Group's

shares were sold in an initial public offering, with Deutsche Bank AG owning the remaining shares.

As part of the contract review process, the Board carefully considered the fees and expenses of each DWS fund overseen by the Board in light of the fund's performance. In many cases, this led to the negotiation and implementation of expense caps.

While shareholders may focus primarily on fund performance and fees, the Fund's Board considers these and many other factors, including the quality and integrity of DIMA's personnel and administrative support services provided by DIMA, such as back-office operations, fund valuations, and compliance policies and procedures.

Nature, Quality and Extent of Services. The Board considered the terms of the Agreement, including the scope of advisory services provided under the Agreement. The Board noted that, under the Agreement, DIMA provides portfolio management services to the Fund and that, pursuant to a separate administrative services agreement, DIMA provides administrative services to the Fund. The Board considered the experience and skills of senior management and investment personnel and the resources made available to such personnel. The Board also considered the risks to DIMA in sponsoring or managing the Fund, including financial, operational and reputational risks, the potential economic impact to DIMA from such risks and DIMA's approach to addressing such risks. The Board reviewed the Fund's performance over short-term and long-term periods and compared those returns to various agreed-upon performance measures, including market index(es) and a peer universe compiled using information supplied by Morningstar Direct ("Morningstar"), an independent fund data service. The Board also noted that it has put into place a process of identifying "Funds in Review" (e.g., funds performing poorly relative to a peer universe), and receives additional reporting from DIMA regarding such funds and, where appropriate, DIMA's plans to address underperformance. The Board believes this process is an effective manner of identifying and addressing underperforming funds. Based on the information provided, the Board noted that, for the one-, three- and five-year periods ended December 31, 2021, the Fund's performance (Class A shares) was in the 1st quartile, 3rd quartile and 3rd quartile, respectively, of the applicable Morningstar universe (the 1st quartile being the best performers and the 4th quartile being the worst performers). The Board also observed that the Fund has outperformed its benchmark in the one-year period, has performed equal to its benchmark in the three-year period and has underperformed its benchmark in the five-year period ended December 31, 2021.

Fees and Expenses. The Board considered the Fund's investment management fee schedule, operating expenses and total expense ratios, and comparative information provided by Broadridge Financial Solutions,

Inc. ("Broadridge") and the Fee Consultant regarding investment management fee rates paid to other investment advisors by similar funds (1st quartile being the most favorable and 4th quartile being the least favorable). With respect to management fees paid to other investment advisors by similar funds, the Board noted that the contractual fee rates paid by the Fund, which include a 0.097% fee paid to DIMA under the Fund's administrative services agreement, were lower than the median (1st quartile) of the applicable Broadridge peer group (based on Broadridge data provided as of December 31, 2021). The Board noted that the Fund's Class A shares total (net) operating expenses (excluding 12b-1 fees) were expected to be lower than the median (2nd quartile) of the applicable Broadridge expense universe (based on Broadridge data provided as of December 31, 2021, and analyzing Broadridge expense universe Class A (net) expenses less any applicable 12b-1 fees) ("Broadridge Universe Expenses"). The Board also reviewed data comparing each other operational share class's total (net) operating expenses to the applicable Broadridge Universe Expenses. The Board noted that the expense limitations agreed to by DIMA were expected to help the Fund's total (net) operating expenses remain competitive. The Board considered the Fund's management fee rate as compared to fees charged by DIMA to comparable DWS U.S. registered funds ("DWS Funds"), noting that DIMA indicated that it does not provide services to any other comparable DWS Funds. The information requested by the Board as part of its review of fees and expenses also included information about institutional accounts (including any sub-advised funds and accounts) and funds offered primarily to European investors ("DWS Europe Funds") managed by DWS Group. The Board noted that DIMA indicated that DWS Group does not manage any institutional accounts or DWS Europe Funds comparable to the Fund.

On the basis of the information provided, the Board concluded that management fees were reasonable and appropriate in light of the nature, quality and extent of services provided by DIMA.

Profitability. The Board reviewed detailed information regarding revenues received by DIMA under the Agreement. The Board considered the estimated costs to DIMA, and pre-tax profits realized by DIMA, from advising the DWS Funds, as well as estimates of the pre-tax profits attributable to managing the Fund in particular. The Board also received information regarding the estimated enterprise-wide profitability of DIMA and its affiliates with respect to all fund services in totality and by fund. The Board and the Fee Consultant reviewed DIMA's methodology in allocating its costs to the management of the Fund. Based on the information provided, the Board concluded that the pre-tax profits realized by DIMA in connection with the management of the Fund were not unreasonable. The Board also reviewed certain publicly available information regarding the profitability of certain similar investment management firms. The Board noted that, while information regarding the profitability of such firms is limited (and in some cases is not necessarily prepared on a comparable basis), DIMA and its affiliates' overall profitability with respect to the DWS Funds (after taking into account distribution and other services provided to the funds by DIMA and its affiliates) was lower than the overall profitability levels of most comparable firms for which such data was available.

Economies of Scale. The Board considered whether there are economies of scale with respect to the management of the Fund and whether the Fund benefits from any economies of scale. The Board noted that the Fund's investment management fee schedule includes fee breakpoints. The Board concluded that the Fund's fee schedule represents an appropriate sharing between the Fund and DIMA of such economies of scale as may exist in the management of the Fund at current asset levels.

Other Benefits to DIMA and Its Affiliates. The Board also considered the character and amount of other incidental or "fall-out" benefits received by DIMA and its affiliates, including any fees received by DIMA for administrative services provided to the Fund, any fees received by an affiliate of DIMA for transfer agency services provided to the Fund and any fees received by an affiliate of DIMA for distribution services. The Board also considered benefits to DIMA related to brokerage and soft-dollar allocations, including allocating brokerage to pay for research generated by parties other than the executing broker dealers, which pertain primarily to funds investing in equity securities. In addition, the Board considered the incidental public relations benefits to DIMA related to DWS Funds advertising and cross-selling opportunities among DIMA products and services. The Board considered these benefits in reaching its conclusion that the Fund's management fees were reasonable.

Compliance. The Board considered the significant attention and resources dedicated by DIMA to its compliance processes in recent years. The Board noted in particular (i) the experience, seniority and time commitment of the individuals serving as DIMA's and the Fund's chief compliance officers and (ii) the substantial commitment of resources by DIMA and its affiliates to compliance matters, including the retention of compliance personnel.

Based on all of the information considered and the conclusions reached, the Board determined that the continuation of the Agreement is in the best interests of the Fund. In making this determination, the Board did not give particular weight to any single factor identified above. The Board considered these factors over the course of numerous meetings, certain of which were in executive session with only the Independent Trustees and counsel present. It is possible that individual Independent Trustees may have weighed these factors differently in reaching their individual decisions to approve the continuation of the Agreement.

Account Management Resources

For More Information

The automated telephone system allows you to access personalized account information and obtain information on other DWS funds using either your voice or your telephone keypad. Certain account types within Classes A, C and S also have the ability to purchase, exchange or redeem shares using this system.

For more information, contact your financial representative. You may also access our automated telephone system or speak with a Shareholder Service representative by calling:
